

# CS ranking 添加指南

---

cs ranking github 地址: <https://github.com/emeryberger/CSrankings>

官方提交指南: <https://github.com/emeryberger/CSrankings/blob/gh-pages/CONTRIBUTING.md>

总的来说, 添加CS ranking faculty 需要两步, 1. 修改csrankings.csv文件, 添加相关条目后提交pull request 2. 为每个添加的faculty member提交issue

## 修改csrankings.csv 文件

---

具体步骤如下

1. fork emeryberger/CSrankings 仓库
2. git clone 到本地
3. 修改csrankings.csv文件 (要用纯文本格式打开, 不能用excel), 添加相应老师条目 eg:  
Yang Yu 0001,Nanjing University,<http://lamda.nju.edu.cn/yuy/,PG2IDSwAAAAJ>  
每个条目包括三部分分别是 name,affiliation,homepage,scholarid. name 是指dblp上对应的名字, 如果存在同名, 需要添加dblp上的数字后缀以免歧义。scholarid是添加目标的google scholar 末尾id。例如俞老师的google scholar 网站是<https://scholar.google.com/citations?hl=zh-CN&user=PG2IDSwAAAAJ>, 则用户id是PG2IDSwAAAAJ。  
关于添加规则, 官方的叙述如下: Enter each faculty member's [DBLP](#) name, home page, and Google Scholar entry (just the alphanumeric identifier, not the whole URL) by modifying `csrankings.csv`; include disambiguation suffixes like 0001 as needed. If the faculty entry is currently ambiguous, please do not include them. Send mail to the DBLP maintainers ([dblp@dagstuhl.de](mailto:dblp@dagstuhl.de)) with a few publications by a particular faculty member; also, open an issue so that when the DBLP database is updated, that faculty member's information can be added.
4. commit到自己仓库后, 添加pull request. pull request 需要按照csranking的模版勾选相应内容 (markdown中勾选操作只需在方括号中添加x e.g. [x]), 具体如下

## Contributing to CSrankings

Thanks for contributing to CSrankings! Here are some guidelines to getting your pull request accepted.

### Inclusion criteria

- ☑️ Make sure that any faculty you add meet the inclusion criteria. Eligible faculty include only full-time, tenure-track faculty members on a given campus who can *solely* advise PhD students in Computer Science. Faculty not in a CS department or similar who can advise PhD students in CS can be included regardless of their home department.

### Updating an affiliation or home page

- ☑️ Update affiliations, home pages, and Google Scholar entries by modifying `csrankings.csv`. For the Google Scholar entry, just use the alphanumeric identifier in the middle of the URL. If none is there, put NOSCHOLARPAGE.

### Adding one or more faculty members (including an entire department)

- ☐ If the department is not yet listed in CSrankings, the entire faculty needs to be added (not just one faculty member).
- ☑️ Enter each faculty member's [DBLP](#) name, home page, and Google Scholar entry (just the alphanumeric identifier, not the whole URL) by modifying `csrankings.csv`; include disambiguation suffixes like 0001 as needed. If the faculty entry is currently ambiguous, please do not include them. Send mail to the DBLP maintainers ([dblp@dagstuhl.de](mailto:dblp@dagstuhl.de)) with a few publications by a particular faculty member; also, open an issue so that when the DBLP database is updated, that faculty member's information can be added.
- ☐ If DBLP has multiple entries for this person, all of them need to be listed. If an alias is not already present in `dblp-aliases.csv`, add it.
- ☐ If the institution you are adding is not in the US, update `country-info.csv`.

## 添加issue

修改csrankings.csv时，可以一次添加多位老师，但是每条issue只能添加/修改一位老师。添加issue很容易，按照csranking提供的模版填写即可。

Please indicate whether this is an addition, deletion, or modification
